

# MOBILITY TRAINING CENTER

ON THE GO

## Mobility Training Center on the GO

The Mobility Training Center on the GO (MTCOTG) is a specially retrofitted Regional Transportation Commission of Southern Nevada (RTC) bus. The vehicle serves as a mobility training lab to help seniors, students, those with disabilities and other vulnerable populations learn to navigate the RTC transit system confidently.

The project was made possible by a \$128,624 grant from the Federal Transit Administration and the U.S. Department of Transportation (DOT).

### Benefits

Convenience & access – we come to you  
Experience – specialized RTC mobility trainers  
Equity – it's **FREE**

### Training

The 1.5-hour training includes:

- Interactive presentation
- Hands-on trip planning
- Traditional and digital route planning
- Fare payment training
- Boarding and exiting the bus
- Securing mobility devices
- FREE mobility trained ID for reduced transit fare
