DID YOU KNOW?
If you are responsible for a Paratransit customer that cannot be left unattended, the RTC has the Unattended Passenger policy. Customer eligibility for this service is based on age, cognitive limitations or a special request of the responsible party. Customers may schedule trips and ride aboard the vehicle unattended; however, a responsible party must meet the Paratransit vehicle at each location.

For more information, contact the RTC Certification Department at (702) 228-4800 or (702) 676-1815 if this service is desired.

ARE YOU MOVING?
In accordance with the Americans with Disabilities Act (ADA), the Paratransit service area is three-quarters of a mile beyond the fixed route transit service.

Customers that are planning to move from their current residence are encouraged to visit the RTC website at rtcnv.com/paratransit-service-area/ to ensure their new residence is within the service area.
