Items 2 through 7 are items for possible action. Items 1, 8, and 9 are discussion items and no action can be taken. Please be advised that the Regional Project Coordination Committee has the discretion to take items on the agenda out of order, combine two or more agenda items for consideration, remove an item from the agenda, or delay discussion relating to an item on the agenda any time.

1. CONDUCT A COMMENT PERIOD FOR CITIZENS PARTICIPATION: No action can be taken on any matter discussed under this item, although the Committee can direct that it be placed on a future agenda.

2. APPROVAL OF MINUTES: Meeting of April 17, 2019 (FOR POSSIBLE ACTION)

3. RECEIVE AN UPDATED LIST OF ENTITY AND UTILITY COMPANY CONTACT PERSONS AND DIRECT STAFF ACCORDingly (FOR POSSIBLE ACTION)

4. RECEIVE INFORMATION REGARDING APPROVED PLANNED PROJECTS FROM MEMBER ENTITIES AND UTILITY COMPANIES (FOR POSSIBLE ACTION)

5. DISCUSS PROJECTS THAT ARE STARTING THE ENGINEERING DESIGN PHASE OF PROJECT DELIVERY (FOR POSSIBLE ACTION)

6. DISCUSS PROJECTS THAT WILL SOON BE STARTING THE CONSTRUCTION PHASE OF PROJECT DELIVERY (FOR POSSIBLE ACTION)

7. RECEIVE A REPORT FROM THE CONE MANAGEMENT WORKING GROUP (FOR POSSIBLE ACTION)

8. DISCUSS TOPICS OF INTEREST

9. CONDUCT A COMMENT PERIOD FOR CITIZENS PARTICIPATION: No action can be taken on any matter discussed under this item, although the Committee can direct that it be placed on a future agenda.

During the initial Citizens Participation, any citizen in the audience may address the Committee on an item featured on the agenda. During the final Citizens Participation, any citizens in the audience may address the Committee on matters within the Committee’s jurisdiction, but not necessarily featured on the agenda. No vote can be taken on a matter not listed on the posted agenda; however, the Committee can direct that the matter be placed on a future agenda.

Each citizen must be recognized by the Chair. The citizen is then asked to approach the microphone at the podium, to state his or her name, and to spell the last name for the record. The Chair may limit remarks to three minutes’ duration, if such remarks are disruptive to the meeting or not within the Committee’s jurisdiction.

The Regional Transportation Commission keeps the official record of all proceedings of the meeting. In order to maintain a complete and accurate record, copies of documents used during presentations should be submitted to the Recording Secretary.

The Regional Transportation Commission appreciates the time citizens devote to be involved in this important process.

In compliance with Nevada Revised Statute 241.035(4), the Regional Transportation Commission of Southern Nevada shall create an audio and/or video recording of the meeting and retain such recording(s) for the required period of time.
The Regional Transportation Commission Meeting Room and Conference Room are accessible to the disabled. Assistive listening devices are available for the hearing impaired. A sign language interpreter for the deaf will be made available with a forty-eight hour advance request to the Regional Transportation Commission offices. Phone: 702-676-1500  TDD: 702-676-1834

Any action taken on these items is advisory to the Regional Transportation Commission.

<th><strong>Item:</strong></th>
<th>4. APPROVE THE FORMATION OF A WORKING GROUP TO DISCUSS FUTURE INFRASTRUCTURE NEEDS FOR IVANPAH VALLEY (FOR POSSIBLE ACTION)</th>
</tr>
</thead>
</table>

**Comments:**
Mr. John Peñuelas, Director of Engineering-Streets and Highways with the Regional Transportation Commission of Southern Nevada (RTC), stated that a Clark County Water Reclamation District representative had suggested the formation of a working group to discuss infrastructure needs for the Ivanpah Valley at a past meeting. He further noted that RTC staff had reached out to local government entities and utility companies to determine if there was interest in participating. The RTC Director then directed the Committee’s attention to the item’s backup where a list of interested parties was set forth. Mr. Peñuelas mentioned that RTC was awaiting word from Clark County and the City of Henderson (Henderson).

Mr. Peñuelas shared that Vice-Chair Scott Jarvis, City of Henderson, had informed him that Henderson was in the process of entering an interlocal agreement regarding Ivanpah development and the division of labor for such work. During the conversation, Vice-Chair Jarvis suggested that the formation of the working group may be premature. Mr. Peñuelas conveyed that the RTC saw this working group as a gathering of interested parties that would meet informally for information-sharing purposes and their efforts would not prevent or hinder arrangements made by Henderson.

Mr. Shawn Arnold, NV Energy, asked that Mr. Peñuelas elaborate upon the nature of the working group. Mr. Peñuelas explained that members of the working group would include the interested parties listed in the item’s backup and other individuals who indicated that they wanted to participate. He went on to say that the assembly would be an official Regional Project Coordination Committee (RPCC) working group. Reports to the RPCC were neither mandated nor expected in the short-term though. Mr. Peñuelas said that the group would meet at their discretion and the members would set their own agenda. Mr. Arnold expressed that he wanted to participate in the group. Mr. Peñuelas noted this and asked that if the RPCC would be moving to approve the item that the motion should include Mr. Arnold as a participant in the working group.

**Motion:**
Chair Diana Hubbard, Southwest Gas Corporation, made a motion to follow the recommendation of the Regional Transportation Commission of Southern Nevada (RTC) staff.

The recommendation was as follows: The RTC would facilitate the development of an Ivanpah Valley Working Group; and the current participants are Mr. Shawn Arnold, NV Energy; Ms. Michelle Leiber, Bureau of Land Management; John Tennert, Clark County Regional Flood Control District; Dimitrios Karapanagiotis, Clark County School District; Michael Dishari, Las Vegas Valley Water District; Nass Diallo, Las Vegas Valley Water District; James Stein, Southwest Gas Corporation; Tony Castagno, Southwest Gas Corporation; and Brandon Jones, Southwest Gas Corporation.

**Vote/Summary:**
11 Ayes. 0 Nays. The motion carried.

Ayes: Chair Diana Hubbard, Shawn Arnold, Tom Brady, Bill Harty, Chris Helda, Charlie Lee, Abi Mayrena, Shital Patel, Tahmineh Pennington, Cindy Shackelford, and Robert Thompson

Nays: None

Absent: Vice-Chair Scott Jarvis, Willie Davidson, Vern Lacro, Percy Lucban, and Mark Sorensen
**Item:**
5. RECEIVE INFORMATION REGARDING APPROVED PLANNED PROJECTS FROM MEMBER ENTITIES AND UTILITY COMPANIES (FOR POSSIBLE ACTION)

***NOTE: One Regional Project Coordination Committee voting member had not yet arrived for the meeting.***

Mr. Joe Damiani, Manager of Engineering, Regional Transportation Commission of Southern Nevada (RTC), stated that no new planned projects had been identified or added to the Regional Project Coordination Committee (RPCC) GIS Project Map.

Mr. Damiani went on to say that the RTC is in the midst of the Capital Improvements Program (CIP) process, which is expected to be completed and submitted for approval at the June 2019 RTC Board of Commissioners meeting. Mr. Damiani noted that the CIP updates would include new projects or changes to existing projects planned for the next three years. Mr. John Peñuelas, RTC Director of Engineering-Streets and Highways, mentioned that information about new projects included in the CIP would be downloaded to the map. The RTC Director added that RTC personnel would be working with the Clark County Regional Flood Control District regarding that entity’s CIP since the program would likely be approved on the same date of the RTC’s CIP.

Mr. Peñuelas set forth that the RTC would be working with RPCC member entities and utility companies so that information about their CIP projects could be shared. Mr. Damiani reminded the Committee that the GIS map would only include planned projects for the next three years.

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.

**Item:**
6. DISCUSS PROJECTS THAT ARE STARTING THE ENGINEERING DESIGN PHASE OF PROJECT DELIVERY (FOR POSSIBLE ACTION)

**Comments:**
Mr. Joe Damiani, Manager of Engineering with the Regional Transportation Commission of Southern Nevada (RTC), listed the projects that were starting the engineering design phase as follows:

- Industrial Road: Boston Avenue to Circus Circus Drive
- Intersection Improvements: Starr Avenue and Bermuda Road
- Sunset Road: Interstate 15 to Pabco Road

Ms. Julia Uravich, RTC Project Engineer, added that the City of North Las Vegas had sewer rehabilitation projects that were also entering this phase. She noted that the work would be in the areas of Losee Road, Carey Avenue, Pecos Road, and Cheyenne Avenue.

No other comments were made.

**Motion:**
A motion was not necessary.
Vote/Summary:
A vote was not taken.

Item:
7. DISCUSS PROJECTS THAT WILL SOON BE STARTING THE CONSTRUCTION PHASE OF PROJECT DELIVERY (FOR POSSIBLE ACTION)

Comments:
Mr. Joe Damiani, Manager of Engineering, Regional Transportation Commission of Southern Nevada (RTC), listed the projects that would soon be starting the construction phase of project delivery as follows:

- Arterial reconstruction projects for Clark County - Buffalo Drive, Tropicana Avenue to Sahara Avenue; Charleston Boulevard: Nellis Boulevard to Whitewind Lane; Alexander Road, Pecos Road and Puebla Street
- City of Henderson project - Basic Road: Pacific Avenue to Boulder Highway

Mr. Shawn Arnold, NV Energy, said he was planning to provide a list of NV Energy projects later in the day.

Chair Diana Hubbard, Southwest Gas Corporation, asked if RTC staff had received information regarding a Southwest Gas Corporation project near the Raiders Stadium site. She noted that construction was scheduled to begin soon. Mr. Damiani confirmed that the project would be added to the Regional Project Coordination Committee GIS Project Map.

Motion:
A motion was not necessary.

Vote/Summary:
A vote was not taken.

Item:
8. RECEIVE A REPORT FROM THE CONE MANAGEMENT WORKING GROUP (FOR POSSIBLE ACTION)

Comments:
Mr. John Peñuelas, Director of Engineering-Streets and Highways with the Regional Transportation Commission of Southern Nevada (RTC), provided a report related to the Cone Management Working Group (CMWG).

Mr. Peñuelas informed the Committee that he had proposed a reformulation of the CMWG with the current group and the members were agreeable. The change was proposed because some of the CMWG’s policy-driven projects required a larger cross-section of stakeholders to effectively and efficiently implement them. Mr. Peñuelas went out to say that since the CMWG was an official working group under the Regional Project Coordination Committee (RPCC), membership had been comprised of RPCC member entities and utility companies and professional organizations with the traffic control industry. [NOTE: The CMWG membership did not constitute a quorum of the RPCC.] The new group would have a broader membership, reflective of the attendees who have participated in the RTC’s Temporary Traffic Control Summits. The direct relationship between the RPCC and the new CMWG would be severed, and the new focus would be on traffic operations issues instead of project coordination. Mr. Peñuelas informed the Committee that he would provide more information as soon as the goals and vision for the new CMWG were finalized. Mr. Shawn Arnold, NV Energy, relayed that Mr. Michael Cunningham from the City of Las Vegas had asked to join the group.
Peñuelas noted this matter and said that RTC staff would also reach out to Mr. Eric Denman with Clark County Public Works.

Next, Mr. Peñuelas talked about an event staged during National Work Zone Awareness Week (April 8-12, 2019). In conjunction with RTC partners Nexar, HAAS Alert, and iCones Products LLC (iCones), RTC staff set up a “Work Zone of the Future” or “smart” work zone at the Traffic Management Center where the RTC’s Freeway and Arterial System of Transportation is housed. He explained that the dashcams collect data on the existence and placement of traffic control cones. Some construction vehicles have been equipped with the HAAS alert and the system informs the RTC that construction vehicles are in work zones. Mr. Peñuelas noted that iCones technology had been incorporated into smart arrow boards and traffic control devices to provide various kinds of data about traffic-related matters. He shared that the event garnered positive press coverage. The RTC Director then played a video of KTNV-TV coverage.

Mr. Peñuelas clarified a couple of inaccuracies contained in the video news report. The first was that the RTC does not own the vehicles in which Nexar dashcams have been installed. The equipment has been installed in privately owned vehicles. Mr. Peñuelas stated that there is no cost associated with the technology except for the cost to access the internet. The second matter that he clarified was that the Nexar pilot program operates exclusively in the downtown Las Vegas area, the HAAS Alert, and iCones are deployed around the Las Vegas Valley.

Motion:
A motion was not necessary.

Vote/Summary:
A vote was not taken.

Item:
9. DISCUSS TOPICS OF INTEREST

Comments:
Mr. John Peñuelas, Director of Engineering-Streets and Highways with the Regional Transportation Commission of Southern Nevada (RTC), requested the Regional Project Coordination Committee’s (RPCC) feedback as to whether the Verizon Wireless (Verizon) telecommunications company should be invited to join the RPCC. He shared that the aim was to facilitate better coordination of some of the company’s projects.

Mr. Chris Dingell, Clark County School District, remarked that there are many telecommunications companies. As such, he and other RPCC members wondered how the selection of one might be perceived. Mr. Peñuelas acknowledged the point, but explained that the RTC had discovered various Verizon projects for which the agency had no information. Mr. Dingell noted that Verizon subcontracts the majority of the company’s work. He offered to help RTC personnel put together a list of some of the companies with which Verizon works for the RPCC’s consideration.

Chair Diana Hubbard, Southwest Gas Corporation, noted that April is “National Safe Digging Month.” She encouraged the RPCC to be aware of underground utilities.

Mr. Chris Schwarz, RTC Regional Traffic Control Coordinator, reminded the Committee to continue to review the RPCC GIS Project Map for projects that are crossing jurisdictional boundaries. Mr. Peñuelas asked Mr. Todd Gurnee, RTC GIS Analyst, if it might be possible to somehow highlight those projects on the map. Mr. Gurnee believed that this was feasible.
Lastly, Mr. Peñuelas noted that the RTC had carried out approximately 30 updates to the RPCC GIS Project Map in March 2019. He believed the same or a higher number of updates had been undertaken in April 2019. He emphasized that it was important for the RPCC member entities and companies to continue to share information about their projects to ensure the map is an up-to-date resource.

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.

### SUBJECT:
REPORT FROM CONE MANAGEMENT WORKING GROUP

### PETITIONER:
TINA QUIGLEY, CHIEF EXECUTIVE OFFICER
REGIONAL TRANSPORTATION COMMISSION OF SOUTHERN NEVADA

### RECOMMENDATION BY PETITIONER:
THAT THE REGIONAL TRANSPORTATION COMMISSION OF SOUTHERN NEVADA REGIONAL PROJECT COORDINATION COMMITTEE RECEIVE A REPORT FROM THE CONE MANAGEMENT WORKING GROUP (FOR POSSIBLE ACTION)

### GOAL:
ENHANCE PUBLIC AWARENESS AND SUPPORT OF THE REGIONAL TRANSPORTATION SYSTEM

### FISCAL IMPACT:
Not determined

### BACKGROUND:
The Cone Management Working Group (CMWG) was formed to provide a forum for experts from government and industry to explore new procedures, processes, and ideas to improve work zone management and temporary traffic control on active roadway construction projects. The CMWG report relates the group's discussions, insights, and activities to the Regional Project Coordination Committee.

Respectfully submitted,

JOHN R. PEÑUELAS, JR., P.E.
