9. CONDUCT A COMMENT PERIOD FOR CITIZENS PARTICIPATION: No action can be taken on any matter discussed under this item, although the Committee can direct that it be placed on a future agenda.

During the initial Citizens Participation, any citizen in the audience may address the Committee on an item featured on the agenda. During the final Citizens Participation, any citizens in the audience may address the Committee on matters within the Committee’s jurisdiction, but not necessarily featured on the agenda. No vote can be taken on a matter not listed on the posted agenda; however, the Committee can direct that the matter be placed on a future agenda.

Each citizen must be recognized by the Chair. The citizen is then asked to approach the microphone at the podium, to state his or her name, and to spell the last name for the record. The Chair may limit remarks to three minutes’ duration, if such remarks are disruptive to the meeting or not within the Committee’s jurisdiction.

The Regional Transportation Commission keeps the official record of all proceedings of the meeting. In order to maintain a complete and accurate record, copies of documents used during presentations should be submitted to the Recording Secretary.

The Regional Transportation Commission appreciates the time citizens devote to be involved in this important process.

In compliance with Nevada Revised Statute 241.035(4), the Regional Transportation Commission of Southern Nevada shall create an audio and/or video recording of the meeting and retain such recording(s) for the required period of time.
The Regional Transportation Commission Meeting Room and Conference Room are accessible to the disabled. Assistive listening devices are available for the hearing impaired. A sign language interpreter for the deaf will be made available with a forty-eight hour advance request to the Regional Transportation Commission offices. Phone: 702-676-1500 TDD: 702-676-1834

Any action taken on these items is advisory to the Regional Transportation Commission.

<td>Comments:</td>
<td>Mr. Tom Brady, City of North Las Vegas (North Las Vegas), mentioned that he had provided Regional Transportation Commission of Southern Nevada (RTC) staff members with an updated list of North Las Vegas contacts, but this information was not reflected in the item’s backup. Mr. Joe Damiani, RTC Manager of Engineering, stated that agency personnel would investigate the matter and include the updated information in the next Regional Project Coordination Committee (RPCC) agenda. Regarding the contacts list, Mr. Mark Sorenson, City of Las Vegas (Las Vegas), noted that Ms. Rosa Cortez should be added as the Assistant City Engineer in the section entitled “City of Las Vegas Engineering Design (CPM).” He indicated that he would provide her phone number to RTC staff. Mr. Damiani noted that RTC personnel would denote Ms. Pat Brown as an alternate for NV Energy on the RPCC members and alternates list.</td>

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.

**Item:**
5. DISCUSS PROJECTS THAT ARE STARTING THE ENGINEERING DESIGN PHASE OF PROJECT DELIVERY (FOR POSSIBLE ACTION)

**Comments:**
Mr. Joe Damiani, Manager of Engineering with the Regional Transportation Commission of Southern Nevada (RTC), explained that this item concerned projects that had commenced the engineering design phase since the last Regional Project Coordination Committee (RPCC) meeting.

Mr. Damiani proceeded to list the work in this category and the administering jurisdictions or agency as follows: Neighborhood Rehabilitation Program for Clark County, U.S. 95 project at Lone Mountain Road: Tenaya Way to Rainbow Boulevard, Nellis Boulevard/Charleston Boulevard intersection, and Ann Road/Centennial Center Boulevard intersection in the City of Las Vegas; and the Whitney Ranch master planned community rehabilitation project managed by the Clark County Regional Flood Control District.

Mr. Mark Sorenson, City of Las Vegas, thought that a project spanning Boulder Avenue to Art Way should be on the RPCC GIS Project Map. Mr. Damiani responded that the project is on the map and had been mentioned at the RPCC September 19, 2018 meeting. He informed Mr. Sorensen that the work would not be considered as being in the engineering design phase until RTC staff had received the appropriate documentation confirming such.

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.

**Item:**
6. DISCUSS PROJECTS THAT WILL SOON BE STARTING THE CONSTRUCTION PHASE OF PROJECT DELIVERY (FOR POSSIBLE ACTION)

**Comments:**
Mr. Joe Damiani, Manager of Engineering for the Regional Transportation Commission of Southern Nevada (RTC), stated that the purpose of this item was to share information about projects that would soon begin the construction phase. He pointed out that this particular work included only those projects that were considered as new and pending construction.
Mr. Damiani went on to list the sites of traffic signal improvements that were scheduled to begin the construction phase of project delivery in the near term:

- Buffalo Drive at Sunset Road
- Grand Canyon Drive at Russell Road
- Hollywood Boulevard at Sahara Avenue

Mr. Tim Gibson, Clark County Water Reclamation District (CCWRD), mentioned that the agency he represents would soon initiate work on the Pyle Avenue/Valley View Boulevard Interceptor. He described this as a major project that would be undertaken in the areas of Cactus Avenue to Valley View Boulevard and Pyle Avenue to Jones Boulevard. He detailed that the CCWRD had just opened a bid, with construction expected to start in Spring 2019. Mr. Damiani responded that this project would remain in the “pending construction” category until RTC staff members received verification that construction work had begun.

Mr. Mark Sorenson, City of Las Vegas (Las Vegas), asked that the following projects be designated as “soon to begin construction”: storm drain work involving the Rancho Road System (Elkhorn Drive: Grand Canyon Drive to Hualapai Way); and Community Block Development Program sidewalk infill activity in the area of the Las Vegas Medical District. Mr. Damiani added that Las Vegas had a storm drain/watershed project on Gowan Road/El Capitan Way and Lone Mountain Road and Ann Road that should be in this category as well. He noted that RTC staff members would download information about this work on the RPCC GIS Project Map.

Mr. Tom Brady, City of North Las Vegas, noticed that a project situated along Revere Street: Carey Avenue to Colton Avenue had been designated as “in construction” when the work was actually pending construction. Mr. Damiani stated that the project would be appropriately categorized per Mr. Brady’s report.

Mr. Sorenson concluded the discussion by sharing that he had emailed Mr. John Peñuelas, RTC Director of Engineering-Streets and Highways, information about Las Vegas operations and maintenance work. He asked for confirmation that this had been received. Mr. Damiani answered in the affirmative.

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.

**Item:**
7. RECEIVE A REPORT FROM THE CONE MANAGEMENT WORKING GROUP (FOR POSSIBLE ACTION)

**Comments:**
Mr. Joe Damiani, Manager of Engineering with the Regional Transportation Commission of Southern Nevada (RTC), reported on topics discussed and researched by the Cone Management Working Group (CMWG). One of those topics was Project Neon that has been affecting Interstate 15 (I-15). Mr. Damiani understood that the I-15 freeway configuration would be returned to the roadway’s original form by November 2018.

Next, Mr. Chris Schwarz, RTC Regional Traffic Control Coordinator, stated that the CMWG had been discussing the deployment of intelligent transportation systems (ITS) in construction work zones for quite some time. In that regard, he noted that the RTC was currently utilizing ITS, in the form of
Nexar dash cams, to identify construction work zones. In addition, he recounted that the RTC was developing a pilot program involving the use of ITS on a larger scale in construction work zones. The agency is carrying this out in partnership with local jurisdictions and in collaboration with Kimley-Horn and Associates. Mr. Schwarz stated that the parties were still working on how to structure the project including, but not limited to, what sort of data should be gathered and how it should be managed and searching for suitable sites.

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.

<tr>
<td><strong>Comments:</strong></td>
<td>Mr. Joe Damiani, Manager of Engineering, Regional Transportation Commission of Southern Nevada (RTC), announced that the RTC was aiming to include private development on the Regional Project Coordination Committee (RPCC) GIS Project Map starting in January 2019. He shared that RTC staff members had been meeting with homebuilders regarding this matter. Mr. Damiani informed the RPCC that the aim was that local jurisdictions would be agreeable to the RTC’s concurrence on the jurisdictions’ traffic control plans related to private development. He pointed out that the local government entities would first approve the traffic studies. If the RTC concurred with a jurisdiction’s approval, the RTC would place the private development on the RPCC GIS Project Map.</td>
</tr>
<tr>
<td></td>
<td>Mr. Damiani next recounted that he had been driving down Main Street and Commerce Street near Charleston Boulevard when he drove over several plates in this area. In his opinion, the road looked as if it had been cut to install utilities for an adjacent, vacant parcel. The RTC Manager of Engineering indicated that these plates could hinder traffic movement. He followed by pointing out that the purpose of the RPCC discussions and the RPCC GIS Project Map was to facilitate coordinate and avoid these sorts of situations. Mr. Mark Sorensen, City of Las Vegas, wondered why the plates had been installed.</td>
</tr>
<tr>
<td></td>
<td>Mr. Tom Brady, City of North Las Vegas, inquired as to how the RTC was handling new roads in terms of the RPCC GIS Project Map. Mr. Todd Gurnee, RTC GIS Analyst, explained that the software company that provided the GIS platform issued the updates automatically.</td>
</tr>
<tr>
<td></td>
<td>Mr. Brady went on to say that the Range Road Interceptor, Phase 2 project at Sloan Lane to Las Vegas Boulevard had been under construction for a while and that it would affect traffic even though it was not specifically a roadway project. Mr. Chris Schwarz, RTC Regional Traffic Control Coordinator, wondered if this project had been on the map and then inadvertently dropped from the platform. He noted that the project could be restored on the map.</td>

Item: 9. CONDUCT A COMMENT PERIOD FOR CITIZENS PARTICIPATION

Comments:
Mr. Joe Damiani, Manager of Engineering for the Regional Transportation Commission of Southern Nevada (RTC), made the following comment: Madam Chair...since November’s meeting falls the day before Thanksgiving, we discussed with the Chair to cancel November’s meeting. We just wanted to let everybody know.

No other comments were made.

Motion:
A motion was not necessary.

THAT THE REGIONAL TRANSPORTATION COMMISSION OF SOUTHERN NEVADA REGIONAL PROJECT COORDINATION COMMITTEE RECEIVE A REPORT FROM THE CONE MANAGEMENT WORKING GROUP (FOR POSSIBLE ACTION) |
| **GOAL:** MAINTAIN AND IMPROVE TRANSPORTATION SYSTEM INFRASTRUCTURE |

**FISCAL IMPACT:**
Not determined

**BACKGROUND:**
The Cone Management Working Group (CMWG) was formed to provide a forum for experts from government and industry to explore new procedures, processes, and ideas to improve work zone management and temporary traffic control on active roadway construction projects. The CMWG report relates the group's discussions, insights, and activities to the Regional Project Coordination Committee.
