Items 2 through 7 are items for possible action. Items 1, 8, and 9 are discussion items and no action can be taken. Please be advised that the Regional Project Coordination Committee (Committee) has the discretion to take items on the agenda out of order, combine two or more agenda items for consideration, remove an item from the agenda, or delay discussion relating to an item on the agenda any time.

1. CONDUCT A COMMENT PERIOD FOR CITIZENS PARTICIPATION: No action can be taken on any matter discussed under this item, although the Committee can direct that it be placed on a future agenda.

2. APPROVAL OF MINUTES: Meeting of July 17, 2019 (FOR POSSIBLE ACTION)

3. RECEIVE AN UPDATED LIST OF ENTITY AND UTILITY COMPANY CONTACT PERSONS AND DIRECT STAFF ACCORDINGLY (FOR POSSIBLE ACTION)

4. RECEIVE INFORMATION REGARDING APPROVED PLANNED PROJECTS FROM MEMBER ENTITIES AND UTILITY COMPANIES (FOR POSSIBLE ACTION)

5. DISCUSS PROJECTS THAT ARE STARTING THE ENGINEERING DESIGN PHASE OF PROJECT DELIVERY (FOR POSSIBLE ACTION)

6. DISCUSS PROJECTS THAT WILL SOON BE STARTING THE CONSTRUCTION PHASE OF PROJECT DELIVERY (FOR POSSIBLE ACTION)

7. RECEIVE A REPORT FROM THE CONE MANAGEMENT WORKING GROUP (FOR POSSIBLE ACTION)

8. DISCUSS TOPICS OF INTEREST

9. CONDUCT A COMMENT PERIOD FOR CITIZENS PARTICIPATION: No action can be taken on any matter discussed under this item, although the Committee can direct that it be placed on a future agenda.

During the initial Citizens Participation, any citizen in the audience may address the Committee on an item featured on the agenda. During the final Citizens Participation, any citizens in the audience may address the Committee on matters within the Committee’s jurisdiction, but not necessarily featured on the agenda. No vote can be taken on a matter not listed on the posted agenda; however, the Committee can direct that the matter be placed on a future agenda.

Each citizen must be recognized by the Chair. The citizen is then asked to approach the microphone at the podium, to state his or her name, and to spell the last name for the record. The Chair may limit remarks to three minutes’ duration, if such remarks are disruptive to the meeting or not within the Committee’s jurisdiction.

The Regional Transportation Commission keeps the official record of all proceedings of the meeting. In order to maintain a complete and accurate record, copies of documents used during presentations should be submitted to the Recording Secretary.

The Regional Transportation Commission appreciates the time citizens devote to be involved in this important process.

In compliance with Nevada Revised Statute 241.035(4), the Regional Transportation Commission of Southern Nevada shall create an audio and/or video recording of the meeting and retain such recording(s) for the required period of time.
The Regional Transportation Commission Meeting Room and Conference Room are accessible to the disabled. Assistive listening devices are available for the hearing impaired. A sign language interpreter for the deaf will be made available with a forty-eight hour advance request to the Regional Transportation Commission offices. Phone: 702-676-1500 TDD: 702-676-1834

Any action taken on these items is advisory to the Regional Transportation Commission.

5. RECEIVE INFORMATION REGARDING APPROVED PLANNED PROJECTS FROM MEMBER ENTITIES AND UTILITY COMPANIES (FOR POSSIBLE ACTION)

Mr. Joe Damiani, Manager of Engineering for the Regional Transportation Commission of Southern Nevada (RTC), informed meeting attendees that the RTC’s Capital Improvements Plan (CIP) had been uploaded to the Regional Project Coordination Committee (RPCC) GIS Project Map. He related that agency personnel would be reaching out to the local government entities and utilities to get more information about their CIPs with a focus on planned projects for the next three years.

The RPCC members did not have updates for this item.

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.
## Item: 6. DISCUSS PROJECTS THAT ARE STARTING THE ENGINEERING DESIGN PHASE OF PROJECT DELIVERY (FOR POSSIBLE ACTION)

### Comments:
Mr. Joe Damiani, Manager of Engineering with the Regional Transportation Commission of Southern Nevada (RTC), stated that RTC staff members had changed the format on the date fields for the design layer of the Regional Project Coordination Committee (RPCC) GIS Project Map. He explained that when a map user clicks on a project for more information, the user will now see that the date fields are as follows: “estimated design start date” and “estimated design end.” Both of these fields would be in a quarter-date format. He added that agency personnel would be updating the dates of projects on this layer as needed.

Next, Mr. Damiani listed the projects scheduled to begin the engineering design phase as follows:

- **City of Las Vegas:** Americans with Disabilities Act (ADA) Upgrade Program Fiscal Year (FY 2020); Citywide Traffic Engineering Design Services; Intersection Improvements Program (FY 2020); Safety Upgrades Program (FY 2020). Colorado Avenue; Commerce Street to 4th Street; and Iron Mountain Road; Bradley Road to Thom Boulevard

- **City of North Las Vegas:** Arterial Reconstruction Program (FY 2020); Intersection Improvements Program (FY 2020); Neighborhood Rehabilitation Program (FY 2020); Allen Lane; Craig Road to Centennial Parkway; Pecos Road; Owens Avenue to Alexander Road; Simmons Street; Red Coach Avenue to Hammer Lane; and Pedestrian Bridge at Ann Road and Upper Las Vegas Wash

- **City of Henderson:** Interchange; Nevada State Drive and Interstate 11 (I-11); Interchange; Interstate 215 (I-215) at Pecos Road, and I-215 at Green Valley Parkway

- **City of Boulder City:** Intersection Improvements Program (FY 2020)

On behalf of the RTC, Mr. Damiani encouraged the RPCC members to use the map, provide information for it, and use the resource to look for opportunities to coordinate. The RTC Manager of Engineering went on to say that the RTC was hoping to facilitate project coordination such that roadway, utility, and development were all handled during a certain time period instead of a piecemeal approach that resulted in multiple disruptions to the traveling public. He stated that the coordination efforts of personnel associated with Clark County, Nevada, Southwest Gas Corporation, NV Energy, and Century Communities, a private developer, on a project at Durango Drive could serve as a model to follow.

Next, Chair Scott Jarvis, City of Henderson (Henderson), talked about a project in the area of North Water Street. He explained that Henderson had partnered with a private developer on the work that would include alignment changes to the intersection situated at Boulder Highway and Water Street and a new road. Chair Jarvis noted that the private developer was handling the design phase of the project, and Henderson personnel would seek construction-only funding for this project from the RTC.

Ms. Abi Mayrena, Clark County Regional Flood Control District (CCRFCD), added that Henderson has a project on Chickasaw Drive and Equestrian Drive in development. The work was being funded by CCRFCD. Mr. Damiani responded that RTC GIS staff would discuss the matter with the CCRFCD personnel to get more information.
Next, Mr. Tom Hayes, City of Las Vegas, informed the RPCC that the project at Bradley Road between Whispering Sands and Grand Teton Drive may begin construction as early as October 2019. Mr. Damiani noted that this concerned the next item, which involved discussion about projects soon to be starting the construction phase of project delivery.

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.

---

**Item:**
7. DISCUSS PROJECTS THAT WILL SOON BE STARTING THE CONSTRUCTION PHASE OF PROJECT DELIVERY (FOR POSSIBLE ACTION)

**Comments:**
Mr. Joe Damiani, Manager of Engineering for the Regional Transportation Commission of Southern Nevada (RTC), first noted that the RTC had not receive requests for construction funding for this particular reporting period for the Regional Project Coordination Committee (RPCC).

Mr. Damiani went on to talk about the format changes made to the RPCC GIS Project Map (Project Map) concerning construction-related work. He stated that the pending construction layer been broken into two categories called “soon to advertise” and “advertise.” Regarding “soon to advertise,” these are projects that have been funded for construction but have not yet been advertised. The Manager of Engineer explained that this information is helpful to those contractors that might be interested in bidding. He noted that the information also serves as a kind of prompt to entities and utilities to start coordinating if they have not yet done so. Mr. Damiani mentioned that the RTC would update information on RTC-funded roadway projects and work funded by the Clark County Regional Flood Control District. He expressed that the local government entities and utilities needed to provide information on their projects. He further stated that private developers utilized the Project Map and they need information on projects in the Las Vegas Valley. Mr. Damiani recounted that the RTC is working with developers so that private development projects will be featured on the Project Map.

Ms. Tahmineh Pennington, Southern Nevada Water Authority, asked when the entities and utilities should update the RTC about dates related to project advertisement and construction. Mr. Damiani responded that the entities and utilities should ideally provide project updates on a monthly basis, as appropriate, by contacting the RTC and/or sharing information in the RPCC meetings. He further stated that these parties should review the RPCC GIS Project Map to check the listed dates and inform the RTC about the project status once a date passes.

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.

**Item:**
8. RECEIVE A REPORT FROM THE CONE MANAGEMENT WORKING GROUP (FOR POSSIBLE ACTION)

**Comments:**
Mr. Joe Damiani, Regional Transportation Commission of Southern Nevada, informed meeting attendees that the Cone Management Working Group had not met during July 2019. As such, he would not be providing a report.
Motion:
A motion was not necessary.

Vote/Summary:
A vote was not taken.

Item:
9. DISCUSS TOPICS OF INTEREST

Comments:
Mr. Joe Damiani, Manager of Engineering with the Regional Transportation Commission of Southern Nevada (RTC), announced that there would be changes to the membership of the Regional Project Coordination Committee (RPCC) membership with the approval of the RTC Board of Commissioners (Board). He outlined that the Bureau of Land Management’s status would change from that of a voting member to an advisory, non-voting member and the Resort Corridor Mobility Association would be included as an advisory, non-voting member if the Board authorized these modifications.

Next, Mr. Damiani shared that the RTC Operations Subcommittee and Specification Subcommittees had reviewed a number of standard specifications and drawings. He explained that the Operation Subcommittee would first review any standard specifications or drawings that involved traffic-related matters. These matters would then be submitted for industry review (IR) and presentation to the Specifications Subcommittee would follow. After the review of the Specifications Subcommittee, the subject specifications and drawings would be submitted to the Executive Advisory Committee (EAC) for evaluation. Following the EAC’s assessments, the matters went before the RTC Board of Commissioners (RTC Board or Board). Mr. Damiani noted that a specification or drawing is not related to traffic matters, the item would first go to the Specifications Subcommittee, then IR, on to the EAC, and the RTC Board. Mr. Damiani pointed out that any specification would be presented to the Specifications Subcommittee.

Mr. Damiani informed meeting attendees that the Operations Subcommittee and the RTC have reviewed all of the drawings related to pedestrian access in terms of the Public Rights-of-Way Accessibility Guidelines (PROWAG). In that regard, the Operations Subcommittee had approved Uniform Standard Drawings 331, 332, 332.S1, 332.S2, and 726. This Subcommittee had authorized RTC staff to submit the related drawings to industry review.

The Manager of Engineering went on to say that the RTC Board had approved Uniform Standard Specification 216 (horizontal directional drilling in public rights-of-way) at the Board’s April 2019 meeting. In June 2019, the RTC Board had approved Uniform Standard Specification 704 (Base Aggregates) to allow the use of recycled material. Mr. Damiani shared that for the Board’s August 2019 agenda, staff planned to submit a number of Uniform Standard Drawings to be considered for approval. These items would include Uniform Standard Drawings 331, 332.S1, 332.S2, and 726. These all involved the orientation of the traffic signal cabinet door. He continued, saying that agency personnel would also request that the RTC Board review and approve changes to Uniform Standard Drawing 223 (Residential Driveway). This drawing concerns the R-curb configuration and the agency would ask that the City of Henderson be removed from a listing of the local agencies that follow the drawing. Furthermore, RTC staff planned to submit an item regarding Uniform Standard Drawing 228 (Cross Gutter). This involves the replacement of a galvanized pipe sleeve with a polyvinyl chloride (PVC) sleeve.
Ms. Julia Uravich, RTC Senior Project Engineer, encouraged the RPCC members to subscribe to the GovDelivery notification service through which they could receive matters submitted for industry review. She stated that members could access the GovDelivery interface via the RTC website.

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.

**Item:**
10. CONDUCT A COMMENT PERIOD FOR CITIZENS PARTICIPATION

**Comments:**
No comments were made.
