***NOTE: A Regional Project Coordination Committee non-voting member arrived at the meeting at 9:07 a.m.***
**Item:**
4. RECEIVE INFORMATION REGARDING APPROVED PLANNED PROJECTS FROM MEMBER ENTITIES AND UTILITY COMPANIES (FOR POSSIBLE ACTION)

Mr. Joe Damiani, Regional Transportation Commission of Southern Nevada (RTC), stated that agency staff did not have any updates regarding RTC-funded planned projects.

No other comments were made.

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.

**Item:**
5. DISCUSS PROJECTS THAT ARE STARTING THE ENGINEERING DESIGN PHASE OF PROJECT DELIVERY (FOR POSSIBLE ACTION)

**Comments:**
Mr. Joe Damiani, Manager of Engineering for the Regional Transportation Commission of Southern Nevada (RTC), detailed the private development and RTC-funded projects that are starting the engineering design phase as follows:

**Private Development**
- Residential subdivision work in area of Vegas Drive and Cimarron Road

**Clark County**
- Neighborhood Rehabilitation Program: Fiscal Year 2020 projects in the following areas:
  - Sandhill Road: Sunset Road to Patrick Lane
  - Spencer Street: Tropicana Avenue to Canterbury Court
  - Dean Martin Drive: Hacienda Avenue to Tompkins Avenue
  - Durango Drive: Spanish Ridge Avenue to Mesa Vista Avenue
- Decatur Boulevard: Sahara Avenue to Tropicana Avenue

Mr. Mark Sorensen, City of Las Vegas (Las Vegas), noted that work on the Brent Lane Drainage System: Durango Drive to Skye Canyon Park Drive, is commencing the engineering design phase.

Mr. Damiani expressed thanks to Las Vegas GIS personnel for working with the RTC to coordinate the respective entities’ GIS platforms. He noted this collaboration was helping the parties to track the status of Las Vegas projects from month-to-month. He invited Regional Project Coordination Committee members (RPCC) to contact the RTC if they wanted their entity or utility GIS teams to speak with the RTC’s GIS group. The Manager of Engineering went on to remind the Committee that it may be possible to integrate the RPCC GIS Project Map into their GIS platforms. He cited the Clark County Water Reclamation District (CCWRD) as an example of a utility that had attained this functionality.

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.
Item:
6. DISCUSS PROJECTS THAT WILL SOON BE STARTING THE CONSTRUCTION PHASE OF PROJECT DELIVERY (FOR POSSIBLE ACTION)

Comments:
Mr. Joe Damiani, Manager of Engineering with the Regional Transportation Commission of Southern Nevada (RTC), reported on the RTC-funded projects that were soon to advertise, currently advertising, and in construction.

The RTC Manager of Engineering listed the work as follows:

Soon-to-Advertise Projects
- City of North Las Vegas
  - Intersection of North 5th Street and Centennial Parkway

- City of Las Vegas
  - Traffic Signal Improvement Program Fiscal Year 2019
    - Peak Drive at Torrey Pines Drive
    - Clark Avenue at Transit Station Street
    - Bonneville Avenue at Transit Station Street

Projects That Are Advertising
- Clark County
  - Cactus Avenue, Polaris Avenue to Verona Wood Street
  - Koval Lane: Sands Avenue to Tropicana Avenue
  - Clark County 215 Widening: Pecos Road to Windmill Lane

- City of Las Vegas
  - Bradley Road: Whispering Sands Drive to Grand Teton Drive

New Construction Projects
- Las Vegas Valley Water District has numerous miscellaneous pipe installations at the following locations:
  - Mesquite Avenue: Rancho Drive to Montrose Street
  - 8th Street: Stewart Avenue to Ogden Avenue
  - Walnut Road: Boston Avenue to Welter Avenue
  - Rip Van Winkle Lane: From Matterhorn Way to Matterhorn Way
  - Mayfair Place: 16th Street to Mayfair Place
  - 16th Street: Charleston Boulevard to Mayfair Place
  - Alley in area of Roseridge Avenue and Bromley Avenue

Mr. Jacob Snow, Resort Corridor Mobility Association, mentioned that a Boyd Gaming representative had questions about work being done in the area of Craig Road: North 5th Street to Losee Road. The representative could not locate the project on the Regional Project Coordination Committee (RPCC) GIS Project Map. Mr. Snow asked Mr. Damiani if projects that are starting construction are retained in that category on the map from initiation to completion. Mr. Damiani explained the use of the phrase “starting construction” in the agenda was to highlight new work and the work would be featured on that particular GIS layer of the map until completed.

Mr. Snow went on to say he had contacted Mr. Tom Brady, City of North Las Vegas, about this
project, which is located in the municipality’s jurisdiction. Mr. Brady stated that Southwest Gas Corporation was the owner of this project. Mr. Snow related that a Boyd Gaming representative needs a point of contact and wanted to know how long the lane reduction from six to two lanes would be in effect. He added that the lane reduction is in front of a Boyd Gaming property. Mr. Russell Fitzpatrick, Southwest Gas Corporation, stated he would check on this matter and provide information to the RTC. Mr. Damiani added that this information would be listed on the RPCC GIS Project Map.

Mr. Mark Sorensen, City of Las Vegas (Las Vegas), mentioned that Las Vegas has two projects starting the construction phase. He detailed that one project was entirely situated in the interior of the Symphony Park area and concerned utility installation and paving from West Carson Avenue to Promenade Place. He noted that bids would be opening for the other project, Charleston Boulevard/Lamb Boulevard intersection improvements. Mr. Sorensen shared that this work was a Local Public Agency project funded by the federal government.

No other comments were made.

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.

---

**Item:**
7. RECEIVE A REPORT REGARDING THE CURRENT STATUS OF UNIFORM STANDARD SPECIFICATIONS AND DRAWINGS

**Comments:**
Mr. Joe Damiani, Manager of Engineering with the Regional Transportation Commission of Southern Nevada (RTC), informed meeting attendees that this matter was now a standing item for the Regional Project Coordination Committee agenda. He explained that the item concerns the status of revisions to Uniform Standard Drawings (USD) and Uniform Standard Specifications (USS). Mr. Damiani indicated that interested parties could subscribe to the industry review GovDelivery service via the RTC website if they wanted to receive notifications about these modifications and make comment. The RTC Manager of Engineering asked that comments be made prior to the submittal of revisions to the RTC Board of Commissioners (RTC Board).

Mr. Damiani then explained the amendment process. He set forth that when there is a request to modify a USD or USS, the RTC will evaluate to determine if there are any traffic impacts. If so, the matter will first go to the Operations Subcommittee. The Operations Subcommittee will review the matter and then it will progress to industry review and then to the Specifications Subcommittee, followed by the Executive Advisory Committee and the RTC Board. If there are no traffic impacts, it will go to the Specifications Subcommittee and the Operations Subcommittee will not be involved. After the Specifications Subcommittee examines the proposed changes, the matter will go to industry review, then EAC, and the RTC Board.

Mr. Damiani concluded his report by mentioning that the remainder of revisions related to the Public Rights-of-Way Accessibility Guidelines (PROWAG) best practices will be addressed at the next Operations Subcommittee meeting.

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.
**Item:**
8. **DISCUSS TOPICS OF INTEREST**

**Comments:**
Mr. Chris Helda, Las Vegas Valley Water District (LVVWD or Water District), mentioned the LVVWD has a project in the area of Flamingo Road and Valley View Boulevard. He explained that a mainline pipe break had occurred there and a repair of this facility and the installation of a parallel main pipeline would be undertaken. He noted other work, including, but not limited to, the placement of box culverts and repaving would also occur. Mr. Helda went on to say the section of a roadway in the area had been torn out over the course of November 16 through November 17, 2019, and this roadway had been out of service for a number of days. The Water District representative thought it important that the full extent of the work be featured on the Regional Project Coordination Committee (RPCC) map.

Mr. Joe Damiani, Regional Transportation Commission of Southern Nevada (RTC), asked if the work was part of the Harmon Avenue project being administered by Clark County Public Works. Mr. Helda confirmed that it was. Mr. Damiani responded that the RTC would reach out to Clark County to get the project limits and list the information on the map. He followed by encouraging other RPCC members to share information about projects and inform the Committee and RTC if more data is needed for the RPCC GIS Project Map (RPCC GIS Map).

Vice-Chair Carlos Espinoza, Clark County Water Reclamation District (CCWRD), expressed thanks to the RTC and fellow utilities and the entities regarding the development of the map. He mentioned that engineers from other agencies would make inquiries of the CCWRD about projects in the area and the map was a helpful resource for the Water Reclamation District engineers.

Mr. Jacob Snow, Resort Corridor Mobility Association, characterized the RPCC Project Map as a beneficial reference and easy to use. He encouraged fellow members to continue to provide information for this platform.

Mr. Damiani concluded the discussion by noting that the RTC should be receiving information about private development from Clark County and the Southern Nevada municipal entities in early 2020. The RTC would downloaded data about the work on the RPCC GIS Map.

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.

---

**Item:**
9. **CONDUCT A COMMENT PERIOD FOR CITIZENS PARTICIPATION**

**Comments:**
Mr. John Peñuelas, with the Regional Transportation Commission of Southern Nevada, encouraged the Committee members to utilize the available transportation technology to inform the public about roadway conditions. To support his point, he shared that he had utilized the WAZE traffic navigation application (app) to check activity on Valley View Boulevard. The app indicated the roadway was closed. The Director of Engineering also noted that an RTC HAAS device was in the area.

**Motion:**
A motion was not necessary.

**Vote/Summary:**
A vote was not taken.
ADJOURNMENT

The meeting adjourned at 9:24 a.m.

### Agenda Item

**Subject:** Meeting Frequency  
**Petitioner:** M.J. Maynard, Chief Executive Officer  
**Regional Transportation Commission of Southern Nevada**

**Recommendation by Petitioner:**
That the Regional Transportation Commission of Southern Nevada Regional Project Coordination Committee discuss the frequency of the Regional Project Coordination Committee meetings and direct staff accordingly (for possible action)

**Goal:** Enhance public awareness and support of the Regional Transportation System

**Fiscal Impact:** Not determined

**Background:**
The Regional Project Coordination Committee currently meets on the third Wednesday of every month. Regional Transportation Commission of Southern Nevada staff recommends changing the meeting frequency to a quarterly basis beginning January 2020.

Respectfully submitted,

**John R. Peñuelas, Jr., P.E.**

REGIONAL TRANSPORTATION COMMISSION OF SOUTHERN NEVADA

AGENDA ITEM

Metropolitan Planning Organization [X] Transit [ ] Administration and Finance [ ]

SUBJECT: FINAL CITIZEN PARTICIPATION

PETITIONER: M.J. MAYNARD, CHIEF EXECUTIVE OFFICER
REGIONAL TRANSPORTATION COMMISSION OF SOUTHERN NEVADA

RECOMMENDATION BY PETITIONER:
THAT THE REGIONAL TRANSPORTATION COMMISSION OF SOUTHERN NEVADA REGIONAL PROJECT COORDINATION COMMITTEE CONDUCT A COMMENT PERIOD FOR CITIZENS PARTICIPATION

GOAL: ENHANCE PUBLIC AWARENESS AND SUPPORT OF THE REGIONAL TRANSPORTATION SYSTEM

FISCAL IMPACT:
None

BACKGROUND:
In accordance with State of Nevada Open Meeting Law, the Regional Transportation Commission of Southern Nevada Regional Project Coordination Committee (RPCC) shall invite interested persons to make comments. For the initial Citizens Participation, the public should address items on the current agenda. For the final Citizens Participation, interested persons may make comments on matters within the RPCC’s jurisdiction, but not necessarily on the current agenda.

No action can be taken on any matter discussed under this item, although the RPCC can direct that it be placed on a future agenda.

Respectfully submitted,
