Next, Mr. Damiani shared that the RTC GIS team had developed a new feature on the RPCC GIS Project Map whereby a user could click on the layer titled “New Projects” and see all of the new work starting the engineering design phase highlighted in light blue.

Ms. Tahmineh Pennington, Southern Nevada Water Authority, noted the Las Vegas Valley Water District had a project that would soon start the engineering design phase. She set forth information as follows:

**Contract 1564 Miscellaneous Pipeline Replacements, Phase IV.** This work is taking place at the following sites:

Ms. Pennington reported the estimated completion date as the fourth quarter of Fiscal Year 2020.

Mr. Damiani mentioned the Nevada Department of Transportation (NDOT) has a mill and open grade project in the area of U.S. 95 and Jones Boulevard. He also pointed out that the City of Las Vegas (Las Vegas) has a Sewer Rehabilitation Group G project in the same area. On behalf of the RTC, he recommended the two agencies coordinate their projects to minimize impacts on the traveling public. Mr. Sorensen said he would check with Las Vegas staff on this matter. Ms. Julia Uravich, RTC Senior Project Engineer, commented that NDOT planned to open bids for the entity’s project on January 23, 2020.

***NOTE: During the discussion for Item #6, Mr. Sorensen would ask to return to Item #5.***

Referring back to Item 5, Mr. Sorensen asked for the project limits regarding the NDOT/Las Vegas projects. Mr. Damiani first set forth the NDOT project title as “State Route 596 Jones Boulevard Mill and Open Grade.” He went on to say the limits were U.S. 95 to Smoke Ranch Road. He stated NDOT would open bids toward the end of January 2020. Mr. Sorensen was not certain if the municipality would be working in that section of Jones Boulevard. He reiterated that he would check with the appropriate municipal personnel and report back on this matter.

Item: 7. DISCUSS THE FREQUENCY OF THE REGIONAL PROJECT COORDINATION COMMITTEE MEETINGS AND DIRECT STAFF ACCORDINGLY (FOR POSSIBLE ACTION)

Comments:
Mr. Joe Damiani, Manager of Engineering with the Regional Transportation Commission of Southern Nevada (RTC), recounted that this item was being brought back before the Regional Project Coordination Committee (RPCC) to discuss the possibility of changing the meeting schedule to once every quarter. He noted that the RTC would be progressing with the review of private development plans. The RTC Board of Commissioners had recently authorized the RTC to undertake such evaluations. Agency staff believed that a once-a-quarter RPCC meeting would be beneficial in that personnel could pinpoint those projects for which coordination should ensue in the short-term. Mr. Damiani related that RTC staff recommended the Committee further consider this arrangement and hold this item for the next meeting.

Mr. Jacob Snow, Resort Corridor Mobility Association, asked if the RTC had been receiving information from private developers. Mr. Damiani answered that the agency’s Streets and Highways Department was currently developing the review process for private sector development. He explained that the private sector developers would not be required to upload data from the period of February 2020 to the end of June 2020. Starting in July 2020, the RTC is hoping to make the provision of project data from the private sector developers a mandatory matter. That being said, Mr. Damiani added the agency will work with the homebuilders and other private developers to ensure they are amenable to such arrangements.

Motion:
Mr. Jacob Snow, Resort Corridor Mobility Association, made a motion to hold the item until the next Regional Project Coordination Committee meeting.

Vote/Summary:
11 Ayes. 0 Nays. The motion carried.
Ayes: Shawn Arnold, Tom Brady, Russell Fitzpatrick, Chris Helda, Doug Johnson, Abi Mayrena, Tahmineh Pennington, Mark Sorensen, Courey Stacey, Robert Thompson, and Walt Vodrazka
Nays: None
Absent: Chair Scott Jarvis, Vice-Chair Carlos Espinoza, Raquel Butler, Vern Lacro, and Percy Lucban

Item: 8. RECEIVE A REPORT REGARDING THE CURRENT STATUS OF UNIFORM STANDARD SPECIFICATIONS AND DRAWINGS

Comments:
Mr. Joe Damiani, Manager of Engineering with the Regional Transportation Commission of Southern Nevada (RTC), explained that this item serves to set forth the status of revisions to the Uniform Standard Specifications (USS) and Uniform Standard Drawings (USD). The agency felt it would be beneficial to the Regional Project Coordination Committee to be aware of this process.

Ms. Julia Uravich, RTC Senior Project Engineer, mentioned that the specifications and drawings approved by the RTC Board of Commissioners during the period from September 2019 to January 2020 had been uploaded to the RTC website.

Mr. Damiani concluded the discussion by noting the Operations Subcommittee would be examining more USS and USD as related to the Public Access Right-of-Way Accessibility Guidelines.
Motion:
A motion was not necessary.

Vote/Summary:
A vote was not taken.

Item:
9. DISCUSS TOPICS OF INTEREST

Comments:
Mr. Walt Vodrazka, Freeway and Arterial System of Transportation, mentioned there could be significant traffic delays in the area of the 215 Beltway from Durango Drive to Charleston during the weekend of January 18-19, 2020. He noted that paving would be taking place and it would involve the closure of one or more lanes. Mr. Vodrazka understood the work may be completed by January 20, 2020, the Martin Luther King, Jr. holiday.

Motion:
A motion was not necessary.

Vote/Summary:
A vote was not taken.

Item:
